My name is Duncan Irvine and I am the Chairperson and Trustee of the Centre for Inclusive Living aka CILPK

I have been a Member for more than 10 years and joined when it was still the Access Panel. I was interested in the group because it helped with issues that I face due to my disabilities.

I come to Members Meetings every month. I also help with audits and disability awareness training.

CILPK have helped me a lot with numerous difficulties I have faced, in order for me to continue to live an independent life
